

GANDY-CRABLE  
NUPTIALS IN TUCSON.

At high noon Sunday, in Tucson, Miss Belle Gandy, of this city, became the bride of Assistant United States Attorney Frances D. Crable, also a former resident of Tombstone, the ceremony being performed in the Episcopal church, Rev. Jenkins officiating.

Only a few close friends of the couple were present when the ceremony was performed, among them U. S. Attorney and Mrs. Fred Bernard, Miss Christine Core and Miss Emma Gandy, sister of the bride.

The newlyweds left Sunday night for the Grand Canyon, where they will spend some time on their honeymoon, following which they will return to Phoenix, where they will make their home.

Both Mr. and Mrs. Crable are well known in the southern part of the state, the bride having resided here for several years, during which time she held positions in the various offices at the court house, and for the past few years has been chief deputy in the office of County Engineer Sid Smyth. Through her charming personality she won many friends, not only in Tombstone, but in surrounding cities as well.

The groom was formerly postmaster of Tombstone, during which time he studied law and was admitted to the bar, leaving shortly afterward for Flagstaff, where he built up a good practice and made the reputation as a successful attorney in the northern part of the state. Recently he returned to Tombstone, where he opened law offices, but upon being appointed to his present position, removed to Phoenix, where they will make their home. Mr. Crable's duties keeping him in the capital city.

They take with them the sincere good wishes of their friends in this city, and that their voyage on the sea of matrimony will be always attended with the joys that reign at the launching of the Good Ship Bliss, is the wish of their acquaintances in Tombstone.

## TWO DOUGLAS PEOPLE

## HURT IN CAR CRASH

ST. LOUIS, May 23.—Ben Blum, 45, and Mrs. Addie Blum, 44, both of Douglas, Ariz., and three others of St. Louis, were seriously injured today when the automobile in which they were riding was struck by a Missouri Pacific engine as the car was crossing the tracks.

Benjamin A. Blum, 535 Fifteenth street, Douglas, is a conductor on the El Paso and Southwestern railway, and was visiting his parents in St. Louis when the accident occurred. He was accompanied by Mrs. Blum and by their six children, four girls and two boys, but word from St. Louis indicates that none of the children were involved in the smashup. According to R. S. Thompson of the Southwestern yard office, Blum left Douglas about April 1 to attend the international convention of the conductors' union at Cleveland as delegate for the local organization for which he is a trustee. He planned to spend some time with his people in St. Louis, and leaving that city, to visit Mrs. Blum's relatives in Arkansas.

Blum has been employed by the Southwestern railway since 1903, and for the past ten years has lived in Douglas. He worked out of El Paso for a time, and for a short period worked on the Tombstone-Fairbank branch, but has been on the Douglas division long enough to be the senior conductor.

## OKLAHOMA WARDEN

## COMES TO ESCORT

## HADLEY TO PRISON

TUCSON, Ariz., May 23.—That the state would probably rest its case in chief tomorrow noon in the trial of Paul Hadley, alias William S. Estaver, who is charged with first degree murder in connection with the death of Mrs. Anna C. Johnson on November 15, was the statement made by the prosecution tonight following the night session held in superior court. Nine witnesses were examined during the day and night sessions.

It is freely predicted that the close of the week will see the case in the hands of the jury.

For the purpose of either testifying

in the Hadley trial or taking the prisoner back with him, A. J. Jedlicks, assistant deputy warden of the prison at McAlester, Okla., arrived in Tucson today. Because of the possibility of his being called as a witness during the trial he was denied permission to enter the court room.

Hadley still has a life sentence hanging over his head in Oklahoma.

## MAIL BANDIT SENDS

## HIS BEST REGARDS

PHOENIX, May 24.—Best wishes to his Phoenix friends have been sent by Roy Gardner, convicted mail bandit now serving a sentence in Leavenworth prison, through Deputy Sheriff Al DeWitt, who returned Tuesday after bringing a federal prisoner to Leavenworth from Phoenix.

Gardner was sentenced to serve 25 years after his capture here last fall. Deputy DeWitt spent a half hour conversing with Gardner, he said, and during their talk the former asked about many of the Phoenix officers he became acquainted with while confined in the county jail here.

He particularly asked about Herman Underhill, the railway mail clerk who captured him and sent his best regards to Underhill, Deputy DeWitt said. He also declared that he would make no attempt to escape from the federal prison, according to Deputy DeWitt.

For the past month Gardner has been assigned to the prison shoe factory, and prison authorities say he is a well behaved prisoner. Deputy DeWitt reported.

There are about 2,600 prisoners in Leavenworth penitentiary at the present time. Of these 35 per cent were sentenced for violation of the narcotic laws, 25 per cent for violation of the prohibition act, and remainder for violation of the Mann act and other federal laws, Deputy DeWitt said.

3 HOUSES ARE THREATENED  
BY MYSTERY FIRE

BISBEE, May 24.—The Lowell Fire department and one Bisbee company were called out yesterday morning about 4 o'clock to answer an alarm from the Leo Colbasin house in Johnson Addition. The house was a mass of flames when they arrived there. This is the second fire that had occurred in the house since last Saturday. On that day the Lowell department was called out to extinguish a blaze that badly damaged the inside of the building.

At the time of the fire Saturday the house was damaged to such an extent that Colbasin was unable to live in and he had been living elsewhere. Two other houses on each side of the Colbasin house were badly damaged by fire yesterday morning and only prompt work on the part of the departments kept them from being entirely destroyed.

A peculiar circumstance occurred in connection with the fire yesterday morning. The house that had been used by the firemen on Saturday was left to dry in the vicinity of the house, as it belonged on a hose rack near there. One length of the hose, about 30 feet from the house, was burning when the firemen arrived there and there was a strong smell of coal oil, they say.

## DOUGLAS MAN WINS

## CAPITAL PRIZE IN

## THE SONORA LOTTERY

DOUGLAS, May 25.—L. S. Perrin, manager of the Wardrobe Cleaners, drew the lucky number in the Sonora state lottery last week, which carries a prize of 3000 pesos, or approximately \$1500 American gold. So far he has not received his money, but is awaiting the arrival of a check from Sonora.

The prize was won for the expenditure of \$1, Perrin buying his ticket merely because several people with him at the time took one and insisted that he be "a good sport."

## STUDENTS GOING TO MEXICO

## GIVEN CHEAP RAIL RATES

TUCSON, May 25.—According to information received yesterday by Consul Gustavo Couret, local Mexican consul, consular certificates given to students planning to attend the University of Mexico during the summer months will not be subject to taxation. The information comes from

## PRESIDENTIAL ENVOY ON SOLDIERS' HOSPITAL SURVEY.

Mrs. John Jacob Rogers, wife of a representative from Massachusetts, who has just been appointed from the White House to make a survey of conditions in the various military hospitals in the United States. She was a relief worker in France during the war.

Manuel Heliez of the Mexican embassy at Washington, D. C.

The same official in a communication to Consul Couret notifies the latter that a discount of 50 per cent to the fare from the border to Mexico City will be allowed to persons who intend to attend the University of Mexico this summer.

SHOW MORE ITEMS IN  
BANK'S INSOLVENCY.

Introduction of additional letters and book entries to show the condition of the defunct Central Bank of Wilcox in connection with the charge against S. B. Brown, charged with receiving deposits when he knew the bank's condition, were brought out by the state again today during the trial of Brown in the Superior Court.

In connection with additional testimony being offered by the state with G. W. Brown, chief expert witness still on the stand for the third day it was indicated late this afternoon that the state would close its case probably not later than tomorrow evening.

This morning the state completed introduction of evidence started yesterday to show Brown's loans to the firm of Kingdon and Wyman, who had owed the bank in the neighborhood of \$11,000, a part of which the state alleges Brown received. The state also sought to prove that Brown carried as assets in the neighborhood of \$6,000 in stock of the Dos Cabezas Gold Ridge Mining company which he knew was worthless in his knowledge that the bank was insolvent. Also that a man named J. C. Hancock had become indebted in considerable amount to the bank through loans made to him by Brown, when he knew that Hancock was a "dead beat" having been so advised by P. K. Lewis, former president of the bank, who had written Brown that Hancock was a bankrupt and would not pay his bills. Over \$7,000 of Hancock's paper was in the bank when it was closed, the state brought out.

Overdrafts amounting to over \$23,000 had been entered on the bank's books extending over a period of about four years against one J. R. McKay, the state also brought out, ranging from a few dollars to as high as \$2900 at one time. McKay's indebtedness to the bank amounting to about \$10,000 when the bank closed. That Brown knew that McKay was insolvent and could not pay his indebtedness and also received part of the proceeds from the loans, is the state's contention in the introduction of the evidence.

Tomorrow, it is announced, when the state closes, the defense will have a surprise to spring, the nature of which was not disclosed today.

Somerton—Imperial Irrigation District to erect dam at Andrade.

## GEORGE W. P. HUNT

## OUT FOR GOVERNOR

MIAMI, May 25.

Prospector.

Tombstone, Arizona.

Former Governor George W. P. Hunt, in authorized statement to Silver Belt, announces candidacy for Democratic nomination for Governor in September primaries. He states his decision to become a candidate was largely influenced by failure of recent Democratic conference at Tucson to adopt a plank in platform opposing proposed constitutional amendments.

Hunt will stump the state in opposition to amendments.

MIAMI SILVER BELT

GLOBE, Ariz., May 24.—George W. P. Hunt, former governor of Arizona and United States minister to Siam until a few months ago, will be a candidate for governor at the democratic primaries, he announced tonight.

"It is pretty certain you will find me a candidate for the democratic nomination," Mr. Hunt told an Associated Press representative here tonight.

"I am in Globe, my home, to register and confer with local democrats. I am informed that friends are circulating my petitions in other counties of the state, but I think official announcement and campaign plans should originate from my home county of Gila."

Mr. Hunt will deliver an address at Kinney Park here tomorrow afternoon and then return to Phoenix, he said tonight.

## LIVESTOCK AND RANGES

PHOENIX, May 25.—Mostly dry weather accompanied by mild pleasant temperature has prevailed over the greater part of the grazing section of the state during the week ending Tuesday morning. While moisture is needed in the Grand Canyon, northeastern and extreme southern sections the range has improved generally and stock in consequence have put on some flesh. Telegraphic reports to the weather bureau from the Douglas section state that while no range improvement is apparent, stock is holding up well. Cattle are reported poor in the Grand Canyon section. From Pinto, in the northeast, it is reported that cattle are fair, range dry but grass is starting and the spring roundup will begin soon. In the Thatcher district cattle and range are fair and grass drying. Water and feed are reported plentiful in the Pinedale and Whiteriver sections and stock are putting on flesh. Favorable reports are also received from the Prescott and Williams sections where range and stock are said to be good.

Crop Progress in Arizona  
Favorable weather prevailed in all

## SELF HELP

No one individual in a community can prosper unless the community as a whole is prosperous.

The prosperity of the community depends on steady employment and a ready market for its products.

Funds deposited in the local Bank is used within proper limits to assist local industry, to help restore prosperity.

These funds assist the community and thereby help the depositors themselves.

This Bank is trying to do its part in the up-building of Tombstone and vicinity.

We pay four per cent per annum on Savings Deposits. Let Mr. Interest work for YOU.

THE FIRST NATIONAL BANK

"The Bank of Courteous Service"

## AGRICULTURAL SECTIONS, THE ADVENT OF

warm weather being particularly helpful to cotton, alfalfa, tomatoes, watermelons, cantaloupes and apples. In the Yuma section early tomatoes are on the market. The crop of early dates promises to be small in that section owing to cool weather when setting. The Colorado river is now falling and will probably continue until May 28 when will be followed by a slow rise which is expected to reach a stage of 24 feet by June 2. Local apricots are on the market in the Salt River valley where the crop is large and the fruit well developed.

## AUTOMOBILE DRIVER RACES

## WITH S. P. TRAIN: IS

## KILLED IN CRASH

TUCSON, May 23.—While engaged in racing extra No. 2573, westbound freight train on the Southern Pacific railroad, a Studebaker big six car, driven by E. J. Goret, left the road near Cortaro yesterday afternoon and turned over on its side, killing the driver and injuring Anita Roe, who was a passenger in the automobile.

Sheriff Ben F. Daniels was notified of the accident and he in turn informed Coroner Oscar L. Pease of the mishap. The latter accompanied by Deputy D. E. Wilson went to the scene of the accident.

Pat Roach, section foreman of the Southern Pacific said that the driver of the automobile was racing the freight train.

The coroner declared that it was his opinion that Goret died from concussion of the brain, death apparently having been instantaneous. There were no marks to be found on the body.

The parents of the victim of the accident arrived at the scene of the mishap while Coroner Pease and Deputy Wilson were still conducting their investigation.

Sacaton—\$400.00 now available for construction of Gila dam.

## EL DEMOCRATA POWER

## HOUSE IS DESTROYED

DOUGLAS, May 25.—Fire completely destroyed the power plant and warehouse of the Democrata mine in Cananea, Tuesday afternoon, according to Dick Whiteside, mining man, who returned from there yesterday. The loss is estimated at \$250,000, which is not believed to have been covered by insurance. The fire broke out in a Mexican shack near the mine and spread with such rapidity that the volunteer fire department was unable to combat the blaze with its inadequate equipment.

The Democrata mine is one of the most valuable claims in the Cananea district. It is owned by a Cincinnati group of capitalists, of whom the late Eugene Hoffman was the largest stockholder.

## HEARING OF TRAIN

## BANDIT IS DELAYED

## FOR ESTAVIER TRIAL

TUCSON, May 24.—The preliminary examination of F. W. Jiron, who is charged in a complaint sworn to by Sheriff Ben F. Daniels with having committed a felony by holding up a railroad train, was postponed until 2 p. m. Saturday on agreement between Jiron's attorney and the county attorney. The examination was set for this afternoon in the court of Justice of the Peace O. L. Pease. Postponement was agreed to because Jiron's attorney and the county attorney are occupied in the Hadley trial, which has been in progress the past five days.

## TUCSON FIRM INCORPORATED

PHOENIX, May 18.—Articles of incorporation were granted here today to the Tucson Mortgage and Finance company of Tucson. The capital stock is listed as \$500,000, divided into shares of \$100 each. The incorporators and officers are C. E. Franklin, president; M. C. Davenport, vice president; and Victor A. Libretto, secretary and treasurer.
